

(Saltwater Rookie)

Life history in two paragraphs (or less)

14 lb. brown trout
McCloud River, 1997

6 lb. largemouth, Colorado
River, Walters Camp, 1988

10 lb. Mackinaw, Gold Lake
Plumas County, 2003

I need to fill my photo portfolio with some saltwater species!!!!!!!!!!!!

Hello to all you fisheries fanatics, my name is Mike Morrison, HSU alumni and fisheries biologist for the CDFG working with the Northern Pike Project on Lake Davis in Portola, CA. I'm looking forward to meeting and fishing with everyone at the upcoming trip on the M/V First String this August. This will be my first ocean fishing expedition (help!?!*%&!, with knots and technical stuff).

I graduated from Humboldt in 2000 with a major in freshwater fisheries and a minor in biometry. I'm 45 years old, single, never been married (no children either). I decided to go to college at the age of 35 after ending a career of amateur wrestling and coaching at the high school level for 13 years. My grandfather taught me to fly-fish when I was in 5th grade and river fly-fishing is pretty much the extent of my fishing activities. My interests include fishing, snorkeling, hunting, and birding. I am a DUCK fanatic and have a lifetime goal of collecting all of the "first of state" duck stamp prints. See yall at the party.
